Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Wednesday 10 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Largely dry with sunny spells, showers in the south.

Today:
A frosty morning, then a largely dry day with sunny spells and patchy cloud. Scattered wintry showers are possible, especially along coasts. Windy, but less so than Tuesday. Feeling cold. Maximum temperature 4 deg C (39 deg F).

Tonight:
A clear and largely dry night for most, with scattered wintry showers moving over southern areas overnight. Widespread frost and freezing fog likely to form. Very cold, becoming windier. Minimum temperature -3 deg C (27 deg F).

Thursday:
A frosty start with lingering wintry showers in places. A dry but cloudy day following, with rain or snow and coastal gales later for Cornwall. Very cold with strengthening winds. Maximum temperature 4 deg C (39 deg F).

Outlook for Friday to Sunday:
Wet and windy for western areas on Friday and Saturday and feeling cold. Milder Sunday, as a band of rain moves eastwards across the region. Risk of coastal gales throughout.
